

OSMIČKY

KDYŽ SLUNÍČKO NEJVÍC SVÍTÍ,
Z KVĚTU NA KVĚT COSI LETÍ.
PÁREK HBITÝCH KŘIDÝLEK,
JE TO PŘECI MOTÝLEK.

- Jak poletí motýlek? Nejdřív obleti jeden květ a potom i druhý.
- Kreslí nejdřív prstem ve vzduchu, až potom na papír.
